

Week of Land System Science 2026

Schedule Overview

■ Opening
 ■ Town Hall
 ■ Community Science
 ■ WG Science
 ■ Break

Block / Slot	Monday June 15	Tuesday June 16	Wednesday June 17	Thursday June 18	Friday June 19
C C1 60 min	TOWN HALL Town Hall: Land Systems community journal - update and discussion				
A Opening 30 min	OPENING Welcome/Opening session (1)		WG SCIENCE How can 'big' data in land systems science data support community priorities and needs?		
A A1-A 60 min	TOWN HALL Town Hall: Land Systems community journal - update and discussion			WG SCIENCE A resilient land system for an unstable world: challenges and solutions	
A A1-B 60 min			WG SCIENCE Earth Observation for Deforestation-Free Value Chains: Opportunities, Uncertainties and Governance Challenges under the EUDR		
A Break	BREAK	BREAK	BREAK	BREAK	BREAK
A A2-A 75 min	COMMUNITY SCIENCE GLP Perspectives on Opportunities for Agricultural Landscape and Crop Diversification to Strengthen Agricultural Production	WG SCIENCE From Land Systems to Decision Systems: Operationalizing Environmental Intelligence for National Security and Resilience	COMMUNITY SCIENCE Extractivism's Impacts on Indigenous and Protected Land Systems	COMMUNITY SCIENCE GIS methods to quantify land change in a time series	TOWN HALL Town Hall: GLP Hub training
A A2-B 75 min	WG SCIENCE Bridging Epistemological Gaps in LSS: Insights from Latin America and a Call for Engaging in a Collaborative Discussion		COMMUNITY SCIENCE Trends in environment Conservation and the Effects of Wildfire In South America	WG SCIENCE Shifting Cultivation	
A A2-C 75 min	WG SCIENCE Welcome to the Land Policy Working Group: Building a Collaborative Space for Policy Tailoring in Land System Transformation		COMMUNITY SCIENCE A Mutirão for Forests, Climate and Livelihoods		
A A3-A 60 min	COMMUNITY SCIENCE Evidence, Intensity, and Frequency: Resolving the Grazing Dilemma in Miombo Policy"	TOWN HALL Town Hall: Exploring new models for regional land system science through GLP Nodal Office collaboration	WG SCIENCE From farmland abandonment to reshaping material and energy flows	TOWN HALL Town Hall: ECN	COMMUNITY SCIENCE Illuminating the Land-Energy Nexus
A A3-B 60 min		WG SCIENCE Pixel Politics: Advancing Critical Remote Sensing			
A A3-C 60 min					
B Opening 30 min	OPENING Welcome/Opening session (2)				
B B1 60 min					
B Break	BREAK	BREAK	BREAK	BREAK	BREAK
B B2 75 min	TOWN HALL Perspectives on land systems science in Southeast Asia	COMMUNITY SCIENCE Rice agricultural system changes in Asia: spatiotemporal pattern and climatic consequences	COMMUNITY SCIENCE Understanding agricultural system responses to extreme weather through crop-modelling		
C C1 60 min				COMMUNITY SCIENCE Supporting Decisions in Complex Forest Systems: Tools, Approaches, and Lessons from Practice (75 min)	

Blank spaces indicate no scheduled session in that slot.
